Abstract:

A thorough study of the Baloch race written history informs us that what has been written in the past, are imperceptible and vague. From the beginning till now no historian has been successful to throw a clear light over the Baloch race, its origin, growth as a nation and exodus. Some historians have labeled the Baloch race as a descent of Semite origin and the others have tagged it as the remnants of Kaldian race. Some historians opine that the Baloch are from the inhabitants of Caspian Sea (Bahr -e- Khizr), some say that Baloch are the remnants of Median, Sumerian and Elamites.

This paper exemplifies thoroughly the origin of the Baloch race and its enlargement as a nation.

Abstract:

Terms (Gaalband / istelaahaat) play a vital role for the expansion, growth and enrichment of a language. Terms are basically said to be the fundamental tools of a language or literature, without which it would not be possible to sustain any sort of literature or language.

This paper not only demonstrates the terms relating to the fiction, but also let us know about the methods of coining of terms in a research methodology. Customization of the coining of terms and using them in a proper way in the Balochi fiction will be discussed in detail in the paper.

The field of coining terms (Terminology) has been under-estimated and made it barren in the Balochi literature which has brought it to a halt. This has also lessened the possibilities of expansion of the Balochi literature.
