Dr Ali Khel Daryab*

ABSTRACT:

It is very unfortunate for the Pashto poetry that the information about the lives and works of its ancient poets are obscure. One such poet is Abdul Azeem Baba, an ancient poet of the Pashto language. A collection of his poetry has been published while the information about his life and personality is rarely known. This research paper is going to shed light on the life's events, personality, era and nationality of Abdul Azeem Baba.
